

ZELFO TECHNOLOGY AT 'MATERIAL VISION' 2011

May 2011

Zelfo Technology, represented by Omodo GmbH will be present at 'Material Vision' the partner tradeshow to 'Techtextil' at the Frankfurt am Main exhibition halls (Messe Frankfurt – Germany) 24th to 26th May 2011. A special feature of the Zelfo Technology stand will be the recent work carried with Cotton Incorporated (USA) on complete plant usage. Also present will be the legendary 'Mada2' guitar designed by AWS in Vienna, Austria. Richard Hurding will present on the stand throughout the tradeshow and will be giving an introductory presentation to Zelfo on Thursday morning (26th May) at the Exhibitor Forum at 10.00am. Grégoire de Vilmorin will be also be present on the stand for those interested in the latest in Zelfo 3D forming systems.
